**We have a vision!**

We would like to be a central repository of information about all things environmental in Montgomery County. We believe that a greater impact can be made by bringing together individuals and groups who share a common interest in preserving our natural resources.

We plan in 2009 to implement a Grant Program to fund litter prevention, education, beautification, and recycling projects in Montgomery County.

We appreciate your membership with KMCB. We are an all-volunteer non-profit organization and have very little overhead and operating expenses. Your membership allows us to implement programs and projects and to cover operating expenses such as website, postage, and supplies.
